## Description

---

Red Cliffs dark sky star party on Saturday Oct. 10th starting at mid afternoon. This is an overnight star party for those that want to stay. If staying overnight, you must leave the area by 9am on Sunday Oct. 11th.

Red Cliffs is a nature area about 25 miles northeast of Mojave, on state road 14. The entrance to Red Cliffs is on the right, before you get to the Abbot Rd turnoff into Red Rock Canyon State Park.

There are vault toilets (not sure of the toilet paper situation, bring your own!), and picnic tables, but no running water. Bring your own drinks and snacks to the event. Cell phone is intermittent and unreliable. Campfires are not allowed. Please take your trash out when you leave.
